### **COMMUNITY ALERT**

The following is an excerpt from an email I recently received from Wesley Chang. Please keep an eye out for suspicious activities and report them to the police. If you let me know, I can also alert the community to be on the lookout. Please remember that deterring criminal activity in the neighborhood can begin with the simple step of keeping outdoor lights on during the evening hours. Thanks Wesley for being so watchful as well as passing on the information.

Over the weekend, I noticed two suspicious men hiding behind a bush and electrical box on my way home around 1 am. I turned back and flashed my lights when they started running away towards the river from the first east side house located on Vista Ridge. I was curious to know if any nearby homes got anything stolen or vandalized since the homes around that area are typically pitch dark at night. I did call 911 and report my findings.
